Notice of Public Hearing on Tax Rate

The Bayview Municipal Utility District will hold a public hearing on a proposed tax rate for the tax year 2023 on August 17, 2023 at 4:30 PM at 309 Miles Road, Bacliff, Texas 77518. Your individual taxes may increase at a greater or lesser rate, or even decrease, depending on the tax rate that is adopted and on the change in the taxable value of your property in relation to the change in taxable value of all other property. The change in the taxable value of your property in relation to the change in the taxable value of all other property determines the distribution of the tax burden among all property owners.

Difference in rates per $100 of value		+$0.072500/$100	
Percentage increase/decrease in rates(+/-)		+22.45%	
Average residence homestead appraised value	$220,146		$240,527
General homestead exemptions available (excluding 65 years of age or older or disabled person's exemptions)	$0		$0
Average residence homestead taxable value	$220,146		$240,527
Tax on average residence homestead	$711.07		$951.28
Annual increase/decrease in taxes if proposed tax rate is adopted (+/-) and percentage of increase (+/-)		+$240.21 +33.78%	

If the proposed combined debt service, operation and maintenance, and contract tax rate requires or authorizes an election to approve or reduce the tax rate the Board of Directors of Bayview Municipal Utility District proposes to use the tax increase for the purpose of funding debt payments for water and wastewater improvements.

NOTICE OF TAXPAYERS' RIGHT TO ELECTION TO REDUCE TAX RATE

If the district adopts a combined debt service, operation and maintenance, and contract tax rate that would result in the taxes on the average residence homestead increasing by more than eight percent, the qualified voters of the district by petition may require that an election be held to determine whether to reduce the operation and maintenance tax rate to the voter-approval tax rate under Section 49.23603, Water Code.

The 86th Texas Legislature modified the manner in which the voter-approval tax rate is calculated to limit the rate of growth of property taxes in the state.
